The latter reported that it had received numerous complaints, that the quarry owner had not been aware that the event would create so much noise and that he had given an undertaking that there would not be a repeat of this incident.</p> <p>PCSO Nikki Housley reported that police had responded to calls but had found licences in order and no unlawful activity.</p> <p>There was extensive discussion on the noise nuisance. It was concluded that everyone affected needed to play a part in preventing future problems by complaining and raising the issue with Mendip District Council, local councillors and the police. It was agreed that the Council would write to Mendip's Chief Executive to demand action. (Members of the public remaining for this item now departed leaving only PCSO Housley.)</p>	<p>GH</p> <p>PB</p> <p>RH</p> <p>RH</p>

8	<p>Planning application 2014/0045 for change of use of land to one traveller's pitch at Turner's Court Lane (taken as the first item on the agenda) The Chair stated that a decision to approve or refuse a planning application lay with Mendip District Council. The Parish Council was able only to make a recommendation. He advised, therefore, that members of the parish with strong views should organise their own responses.</p> <p>The Parish Council's recommendation, to have any weight, needed to focus on planning</p>	

	<p>arguments for and against an application. In this case, there was government policy on gypsy and traveller sites and Mendip's <i>Local Plan</i>.</p> <p>Gus added that an applicant was allowed an appeal against refusal of a planning application by a district council. Mendip's <i>Local Plan</i> had yet to identify how to provide the number of traveller pitches required (93 pitches by 2020). Should this application be appealed, this would count against Mendip and the planning inspector would be likely, other things being equal, to approve the application.</p> <p>The Chair invited comments from Councillors and then from members of the parish. The following points were made in relation to planning criteria:</p> <ul style="list-style-type: none"> ▪ There was no mains sewer and so no adequate arrangement for sanitation ▪ Guidance stressed the need for a safe play area for children. There was none ▪ There was an alternative site but the application failed to consider it ▪ There was no public transport to the nearest school or GP surgery ▪ There was inadequate access and provision for manoeuvring of vehicles ▪ Access had been moved to the centre of the site and at right-angles to the Lane ▪ The caravan measured 8x2.5 m – almost the width of the single track Turner's Court Lane ▪ Site access was not possible without damaging verges and neighbouring boundaries ▪ High fences and gates segregated the site from the community against planning guidance ▪ The application noted manufacture of items but the site should be exclusively residential <p>Following discussion, it was RESOLVED to recommend refusal of this planning application. (Some members of the public present for this item now departed.)</p>	PB
9	<p>Financial matters</p> <p>1 Insurance 2014-15</p> <p>Gus stated that extra cover would be needed for playground equipment and the defibrillator. He estimated this would add around £25 to the annual premium of £580. This change was agreed and Philip undertook to contact the Council's insurer.</p> <p>2 Internal audit</p> <p>Richard reported that Petherick & Gillard would undertake the internal audit.</p> <p>3 Land rent and payments</p> <p>The Council noted the issue of bills for land rents. On wayleaves, it was agreed to rebate charges to <i>The George</i> and <i>Class Motor Services</i> as they were young businesses.</p> <p>4 Planned bank debits (standing orders) for 2014-15</p> <p>It was RESOLVED to set up standing orders of £35 for <i>Somerset Community Council's</i> annual subscription and £633.60 for seven months for <i>Primrose Garden Maintenance</i>.</p> <p>5 Annual accounts 2013-14</p> <p>The Council received, considered and RESOLVED to approve the draft annual accounts.</p> <p>6 Annual Return 2013-14</p> <p>The Council received, considered and RESOLVED to approve the Accounting Statements and Annual Governance Statement for 2013-14.</p> <p>7 Payments</p> <p>It was RESOLVED to authorise the following payment:</p> <p style="padding-left: 40px;">P Bridges for electrical installation of AED and playground power supply: £1,059.60</p>	PB

10	Consultation on a draft transparency code for councils with a turnover of <£25,000 The Council received and considered a report which explained that the code would replace external audit. Richard noted that the Council had all the information required by the Code and would have no difficulty in meeting its requirements. In light of this, it was RESOLVED to note the consultation.	
11	Hinckley C nuclear power station The meeting received a letter from Glastonbury Town Council seeking support for expressions concern and opposition to Hinckley C. Gus led the discussion, examining each of the claims in the letter. He disagreed that there would be a huge impact on local roads, that there was evidence of lack of safety that might lead to a catastrophe and that the proposed management of nuclear waste was negligent. He concluded that the arguments were not valid. Roger added that the power station was vital to maintaining supplies. It was RESOLVED to note the letter.	
12	Parish footpaths Philip reported he had laid woodchip on the path crossing his land and was given support to pursue opening a path along the disused brewery railway line. Gus offered to assist Philip with inspecting paths.	PB
